"The Kentucky Career Center is a place that is more like a haven for those who are in need. The people here are true honest and willing to help when I arrived to this location I was greeted and Blessed by these two wonderful people Ashleigh and Mendez I came in with such weight and stress on my shoulders no job and losing hope I have tried to get unemployment before but I wasn't qualified for some strange reason when they asked me how I was doing I was honest about how I really was doing Mendez quickly came around and gave me a hug and took me to the back I was able to let go and it felt good he told me about some of the programs that the Center offer but we're on hold do to there funding but I won't forget what he said God has a plan and he puts us exactly where we need to be we worked on my resume out some applications in and he told me don't lose hope or faith that God is with me and that Mendez would also be there a few days go by and I get a text from Mendez asking how I was doing and he gave me an update on the places that he had sent my resume to I was surprised I have never thought that people really do this so a couple more days go by I get another text Mendez wanted to meet up with me so we did he came with a gift and a job opportunity all I could do is cry and he hugged me and cried with me too I have been working now for a few weeks and I enjoy my job Mendez still reaches out to me and it's a great feeling to have someone that really does care I hope that people will appreciate this man he's changed my life and gave me hope that this fight is not over thank you from the bottom of my heart"

"Hello there My Name is Michael French and i wanted to take this time and thank Mr. Mendez for his help. I found his business card at the Club house meeting and i decided to give him a call, after speaking with Mr Mendez I found out that he is a felon like me and his story has given me so much hope and inspiration. I called him on the weekend and we spoke for a couple hours, he told me to have faith and trust in God that he will open a door for me and my family, Monday afternoon on Veterans Day Mr Mendez called me and told me that he had found a job for me I was not expecting to hear back from him that soon, I told him this and he said that God works in Mysterious ways I meet with him at the parking lot of the career center because they were closed he gave me the details of the job and he gave me some clothing and things i needed so I can start work He only ask that only if I felt it in my heart to share my experience to do a survey and of course Im back today to say thank you very much from the bottom of my heart thank you Mr Mendez I believe that you are going to help alot of people dont lose that fire that you have Thanks again"

"I have been pretty desperate to find employment many times in this life, and this current status that I find myself in is as dire as any in the past. When hope for the future of being the man that I so desperately need to be by simply providing for my family seemed far and lost, Eliezer took the time to not only come through with stellar, immediate results, he also gave a breath of hope that someone was actually going to try and help me. I only hope that his unearthly ability for empathy and concern mixed with supreme aptitude and motivation will be recognized and rewarded to the fullest extent in this life, for I am sure he is already quite wealthy in riches that he has stored up for eternity. He, and everyone that I came into contact with here made a poor, menial-educated, unimportant person like myself feel like I had my own personal "staffing team" that was committed to helping me."	2019-10-18 10:56

"I claimed unemployment in jan 2019, I received a letter stating I had to come to a meeting on wed feb 6th. I started a new full time job on feb 4th. I called the phone # on the letter and left a detailed message on the answering machine because I was unable to reach an actual person. I received a letter stating my unemployment was suspended because of missing said meeting. I wrote a detail letter and sent it to the address for the reply. I did not receive anything except a letter saying I had been denied. I assumed it was because I had started a job. I was let go because of downsizing. Now I have refiled for unemployment and am being denied because I missed the meeting in feb. I feel like I have been penalized for accepting employment. After paying into this system for 30+ years, it is disappointing to realize it doesn't work."	2019-07-05 15:57
